

# Landscapes of ICT and Social Accountability 2005

[http://staff.cs.utu.fi/ifip/WG9.2\\_Conference\\_2005/](http://staff.cs.utu.fi/ifip/WG9.2_Conference_2005/)

JUNE 27 - 29  
TURKU, FINLAND

## Introduction

The conference is organized by the University of Turku, Department of Information Technology and TUCS (Turku Centre for Computing Science) in cooperation with IFIP (International Federation for Information Processing). The conference organizers see a special need to map the current landscape of Information Communication Technologies with regard to issues of social accountability.

Please visit the conference website for more information.
